

Gina Holsopple

Gina Holsopple entertains using both her down-home style and her "refreshing young angst," as one fan so aptly phrased it. Her lyrics have been highly commended by both reviewers and fans. As an accomplished musician, songwriter and performer her music has been described as "captivating," "inspiring" and "ethereal with a sense of longing." So listen closely. Gina's lyrical, acoustic musical style is nothing less than enchanting.
